THE COUNTY AGENT AND FARM BUREAU

BY R. G. ARNOLD

More Good Dairy Cattle Need- ed.

There is an infant cream in-
dustry struggling for an ex-
istence today in Coffee County.
The main stumbling block in
the way being poor milk stock.
There is an opportunity for the
banks of the county to co-oper-
ate with this new industry and
assist it in establishing itself.

In Panola County, Mississippi,
the writer was associated with
one bank that loaned the farm-
ers several thousand dollars
with which to buy good dairy
stock, and fourteen months
later the longest time required
of any of the farmers to pay
their loans off. In other words
the cows paid the bill them-
selves, and today that once rui-
ned and country of pauper
farms is alive with a progress-
ive dairy industry and a thou-
sand cream shippers who draw
their checks twice each month,
and whose farms are continually
growing richer, and whose
farming people have been res-
cued from the tyrannical rule
of an economic oppression and
elevated to seats of respectabil-
ity, plenty and wealth. Should
any banker feel a real interest
in his people, and of course all
Coffee County bankers do, let
him write Mr. J. Q. West, Sar-
dis, Miss., for verification of
these statements and further
particulars. Only by close
sympathetic and mutual co-
operation of the business inter-
ests of any county with the
farming interests will that
county ever come into the full
realization of its greatest
possibilities.

Coffee County Farmers Most
Progressive In State.

There is no county in Ala-
bama that has as many good
co-operating farmers in its
bosom as does Coffee. With-
out any sort of tangible organi-
zation, the farmers of this
county have been handling
themselves together and practicing
marketing and purchasing. We
have hundreds of inquiries ev-
ery week come to our desk de-
siring further assistance in the
way of co-operative work of
various kinds, and we feel sure
that before the year's end Coffee
County will have the stron-
gest farm bureau in South
Alabama. The people are de-
manding it, and appreciate its
worth, and will let nothing
come in the way of prevent-
ing the organization. Farmers
must sell their products on a
better business basis, if they
have any hope for the future,
and Coffee County farmers
realize, regardless of vicious
designing and damaging propa-
ganda to the contrary, that
co-operative marketing is the
only hope for better prices for
all products grown on the
farm.

County Fair Meeting at Elba
On March 15th.

The boys and girls clubs and
the progressive citizens every-
where demand that Coffee
County have some kind of Fair
this Fall, and to this end a
meeting has been called at the
courthouse at Elba for Wed-
nesday, March 19. We want
everybody at this meeting, men,
women from town and country.
Everybody to join hands and
display the agricultural riches
of Coffee County in the good
year nineteen hundred and
twenty-four.

urday afternoon, March 2, at

Miss Leo, became the bride of
Mr. Howard L. Carnley.

The bride was beauti-
fully dressed in blue satin, and
gray accessories. She is one of
Coffee County's most beautiful
young ladies.

The groom is a son of Mr.
Oliver Carnley. He is a pros-
perous farmer. The ceremony
was performed by Mr. Jap Pace.
Only a few of the friends
and relatives were present. We
wish for this young couple a
long and happy life.

THE COUNTY AGENT AND FARM BUREAU

BY R. G. ARNOLD

The County Agent.

To demonstrate in the farm-
er's fields the best farm prac-
tices in crop production, fertil-
ization, soil improvement; to
organize the products of the
soil and market them orderly;
to purchase co-operatively the
essentials that enter into crop
production such as seeds, and
fertilizer; to inspire the youth
of the county to higher ideals
in country life and a greater
faith in farming as a business,
these are the duties and
responsibilities of a County
Agricultural Agent.

Co-operative Production and
Marketing in Coffee County.
In our Farm Program pub-
lished in this paper a few
weeks ago, special stress was
laid on marketing co-operatively
the products of the county
including cotton, peanuts, and
poultry, eggs, etc. Before we
can have co-operative marketing,
co-operative production is ne-
cessary, and when one gazes
at the low yield in the county
it is not hard to see the need
of this deficiency in production
of these two essential crops, and
we want any boy or girl that
is interested in hogs or poultry
to write us and we can start you
off on the right track and let
you pay as you go. No dollar
down, and a dollar each month
forever, but we will let the
hogs establish you in a profit-
able hog raising, and the hens
pay for some good poultry ex-
perience. We want at least
100 good determined, energetic
white swine, and 100 good
southern bred chickens, and
to join this movement. Send
us your names and we will ex-
plain fully our plan.

Within a short time every
community will be visited for
the purpose of lining the farm-
ers up behind the biggest co-
operative marketing project of
all history. Mr. Farmer,
you want to sell your products
at the highest dollar and buy
your seeds and fertilizers at
the smallest figure possible? If
so, you want to join the
twenty-five thousand fellow
farmers in Alabama who have
gone this way before you, and
now are standing on the pinna-
cle of success because they
brothers before, who are still in
the slough of speculation and
a prey to this that or the other
scheme which will continue to
make you poor and your girls
and boys poorer. Never let a chance
pass to join the Farm Bureau.
It is your only hope for better
farming.

OFFICIAL RETURNS SHOW UNDERWOOD LEADS IN COFFEE

Senator Oscar W. Under-
wood carried Coffee County
by a majority of 40 votes over
B. Musgrove, according to
the official count of the returns
made on last Thursday by the
Democratic Executive Commit-
tee at Elba. As was stated in
the Clipper last week, from
the unofficial returns it could
not be stated exactly how the
county went, although returns
received up to the time we
went to press gave L. B. Mus-
grove a majority of about 50
votes.

Underwood supporters here
predicted that the official
count would give the Senator a
majority. The race was a very
close one however. We give
below the official figures in
the primary as compiled by the
Committee last Thursday.

Dismore 11
Musgrove 697
Underwood 737

It can be seen from this that
Senator Underwood carried
the county by a majority of 40
votes over Musgrove, and has
a majority of 29 votes over
both his opponents.

MISS RAINER ENTER- TAINS BRIDGE CLUB—

Mrs. O. S. Rainer gave a
beautiful St. Patrick's party
Friday afternoon when her

The shamrock score cards, car-
rying out the St. Patrick idea,
were used. After the games a
delicious salad course was
served. Misses Elizabeth Rowe
and Lillie Harper were guests
of the Club.

MR. GATLIN ANNOUNCES FOR COMMISSIONER.

Mr. Gatlin is a prominent

entire county as well as his dis-
trict. He has always taken an
active part in public affairs,
and would no doubt make the
Southwest district a splendid
Commissioner.

His many friends will be
interested in his announcement
and they predict for him a
good showing in the May pri-
mary.

Club boys with an estate of \$1,000 or more now number in one Maryland county over 90, according to reports to the United States Department of Agriculture. The holdings consist of the livestock which they are feeding and managing or crops they are producing under the guidance of their agricultural extension agents, together with money in the banks which they have realized from their club work. These young farmers range in age from about 12 to 19 years. One boy has holdings estimated worth about \$8,500; two others are nearing that mark.

MEMORIAL OF G. F. MATHEWS.

—O—

Again relatives and friends have been made to mourn the loss of an affectionate husband, kind father and a patriotic citizen.

G. F. Mathews was born in Pike county in 1855, was married to Miss Texanna Hickmon in 1877, also of Pike county, who survives him. To this union were born eight children, five girls and three boys, all now living. They are: Mrs. Ida Johnson of Bradshaw, Mrs. Ada Smith of Victoria, Mr. J. C. Mathews of Curtis, Mrs. Addie Moore of Onn, W. F. Mathews of Curtis, Miss Vellie Mathews of Curtis, J. H. Mathews of Troy, Mrs. Lurie Belle Davis of near Sand Hill. These children have had the pleasure of having lived and grown up with a man and womanhood without realizing the death call in their midst, until father was called from them. He moved from Pike county to Coffee county in 1891, having lived here since that time as a respectable citizen according to information given the writer. He was never summoned before the courts but twice in his life; but few men can say as much.

At the time of his death, Feb. 28, 1924, he was living near Curtis. For about two months he had suffered from form of paralysis which rendered him irrational at most all day, stayed until Wednesday.

"The man healed Friday and mother was so happy that at times she shouted. Wednesday afternoon she was worse. Daddy had a physician come to see her. He gave her a hypodermic. She objected, but Daddy held her arm. I quietly called Daddy the devil and said he was the meanest man on earth.

She said we had to put him out and that I would surely die if I didn't help. We took him outside and he fell to the ground. He was very weak and I believe he had another stroke. Mother called me and I went back to the house, leaving Daddy lying on the ground. Mother repeated that we must get rid of him, or he would kill me. She said we must tear down the house and she took to breaking everything up. She said I had to do it or she would throw me out.

"After we broke up things she said she would burn the house if necessary. She said I must fall out of the second story window or I would never love me again. So I fell out."

At this point the girl showed a deep cut in her ankle caused by the fall.

"Mother said we would have to go to Daddy," she continued. "Daddy was lying there groaning. She said if I didn't stomp him to death she would kill me. I got on him and stomped him until the breath left him and mother still called him the devil."

"I stomped my father fully 20 minutes. After I had killed him we dragged him to the house. Then we walked to Robert's house, where I told him what had happened. He came home in his car. The officers came at daylight and we were brought here."

GIRL STAMPS HER FATHER TO DEATH ON MOTHER'S ORDER

—O—

Tampa, Fla., March 13.—Confined in separate parts of the Hillsborough County jail, Mrs. J. E. Winchester and her daughter, John Eva, told a reporter on Thursday the story of the killing of Mr. Winchester near Seffner, Fla., a village 10 miles east of here. The women are charged with murder and were placed in separate cells at the girl's request, after she expressed fear that her mother would harm her.

They were arrested at Seffner early Thursday morning by Sheriff W. C. Spencer. The girl, short, stout and auburn-haired, told her story without emotion, but frequently expressed regret and deep love for her father.

"My name is John Eva. I am 16 years old," she said, "and am in the ninth senior grade at school at Seffner."

"Mother had heard of a healing man at St. Petersburg, who was holding a revival. My father had been sick since we came to Florida, so mother thought the man at St. Petersburg could heal father."

"I had a friend named Robert Sumner at St. Petersburg. He took us to St. Petersburg Sunday. My parents stayed, but Robert and I came back home Sunday night. Mother and Daddy stayed until Wednesday."

"The man healed Friday and mother was so happy that at times she shouted. Wednesday afternoon she was worse. Daddy had a physician come to see her. He gave her a hypodermic. She objected, but Daddy held her arm. I quietly called Daddy the devil and said he was the meanest man on earth."

She said we had to put him out and that I would surely die if I didn't help. We took him outside and he fell to the ground. He was very weak and I believe he had another stroke. Mother called me and I went back to the house, leaving Daddy lying on the ground. Mother repeated that we must get rid of him, or he would kill me. "After we broke up things she said she would burn the house if necessary. She said I must fall out of the second story window or I would never love me again. So I fell out."

At this point the girl showed a deep cut in her ankle caused by the fall.

"Mother said we would have to go to Daddy," she continued. "Daddy was lying there groaning. She said if I didn't stomp him to death she would kill me. I got on him and stomped him until the breath left him and mother still called him the devil."

Wellington once ordered one of his men into a perilous position. After hesitating awhile the man said, "Let me have one clasp of your all-conquering hand before I go; and then I can do it." If we would get the "touch" of God's hand every morning before we start out on the business of the day, it would prove a benediction to us, and that touch means more than any conceivable thing that man has reached by moral culture. It was stronger to Luther than the voices of all his friends as they tried to dissuade him from going up before his trial at Worms. "Were there as many devils in Worms as there are tiles on the roofs I would go in," was his immortal reply.

"Honor the light brigade!" said the collector presenting the light bill. "Oh, what a charge they made!" said the consumer handing the money. But a great many things are worth more than they can be estimated in coin. When William III of Prussia had exhausted all his means in war, he appealed to the women of his realm for their jewelry to help carry it on. Many women brought all they had. And for each ornament of gold or silver, they received in exchange an ornament of bronze or iron bearing the inscription: "I gave gold for iron, 1813." These became more valuable than all the jewels, because they were badges of distinction. So are our medals (The writer has a war medal) But marks of service are above them all. The stripes on the apostles distinguished them above all others. Faithfulness to your Lord through your church is the greatest distinction you can have, and the only one that will pass you into the city of God.

There has been sickness in the families of Mrs. D. C. Marley, R. L. Cooper, I. T. Law, W. A. Capshaw, and Raymond Bryan. We are glad to note their improvement.

We were glad to meet Prof. Dowdle and his friend, Mr. Hicks at church last Sunday, from Carrollton, the childhood home of the writer. They have come to make their permanent residence in Elba and the Methodist church.

Owing to a heavy collection last Sunday in the Sunday school ranging in payments of one dollar up to fifty dollars to finish paying for the other piano, the superannate collection was put off till next Sunday in which we are asked to give individual subscriptions ranging over five years for that fund. Come to church next Sunday. You are never a stranger there.

I was elected in the special election of September 10, 1923, to the office of County Treasurer, and I am a candidate for the regular four year term to succeed myself. I am a candidate therefore in the Democratic Primary on May 13th next. Having made recently a campaign for the short term I am now serving and having received your endorsement, I confidently believe you will as usual endorse me for the regular term. I have endeavored to give efficient and satisfactory service, and I respectfully ask the support of both the men and women voters of the County in the May Primary.

Respectfully,
Sam R. Morgan.
